Digifusion – Full revamp 2015

Mr Matata Pty Ltd is a clothing retailer in Northern Kwazulu-Natal. After more than 20 years in the business our company decided to do a total revamp of our company. From the logo, outside and inside was designed, manufactured and installed by Digifusion.

Using a company based thousands of kilometres away a testament of the type of service and quality we were looking for when doing a full revamp. They were unique in the sense that everything they supplied and designed was done under one roof and we had no hassle with outsourcing.

Six months down the line we are extremely satisfied with product and service we received, and Digifusion is still designing marketing products for us on a monthly basis.

Mr Matata will be a Digifusion client for many years to come.

Regards

Derik Muller
